

LODGING TECHNOLOGIES — MASTER WEBSITE DESIGN & ARCHITECTURE BLUEPRINT (V.2)

Document Type: Approved Baseline Specification & Developer Handoff Guide

Prepared for: Lodging Technologies

Target Relaunch Objective: Relaunch and modernize Lodging Technologies' platform to establish market dominance in holistic building energy management.

1. CORE BRAND DIRECTIVES & VISUAL IDENTITY

- **5-Second Clarity Objective:** Outcome-driven, bold typography engineered for immediate comprehension and conversion within 5–8 seconds of page load.
- **Brand Heritage & Co-Branding:** Prominently feature the full-color **LODGING TECHNOLOGIES** logo alongside flagship products **GEM Link® Wireless** and **GEM Stat™ ET** with equal visual prominence. Subtitle copy explicitly highlights our recognized legacy as the original 1980 inventors of infrared occupancy sensor-based HVAC energy conservation.
- **Color Palette & Visual Rules (Strict Non-Competitor Rule):**
 - Pure monochromatic wireframe foundation (**#FFFFFF** base, **#F5F5F7** light grey cards, **#0B0C10** dark obsidian base).
 - Deep Navy (**#004080**) and Electric Cyan accent highlights for CTAs and focus elements.
 - **Strictly NO green color schemes** to prevent visual overlap with Verdant.
- **Dual-Theme Architecture:** Global header switcher supporting **Day Mode** (Clean Light) and **Night Mode** (Obsidian Dark **#0B0C10**) with custom micro-interactions.

2. FULL PAGE ARCHITECTURE & CONTENT SPECIFICATION

Section 01: Global Header & Navigation

- **Brand Anchors:** Full-color **LODGING TECHNOLOGIES** logo + **GEM Link® Wireless / GEM Stat™ ET** co-branding.
- **5 Core Navigation Tabs:** **Technology • Solutions • Industries • Results • Company**
- **Header Controls:** Day/Night Toggle Switch (☀️/🌙) + Solid Primary CTA Button.
- **Primary Conversion Directive:** *"Contact Lodging Technologies, LLC for more specific details at your property".*

Section 02: Hero Section

- **Primary Value Headline:** "Reduce HVAC, Lighting, and Appliance Energy Expense 40%".
- **Supporting Headline:** *"Energy wasted is money lost. We make buildings use less."*
- **Primary CTAs:** [Get a Free Savings Analysis](#) | [Request a Demo](#)
- **Floating Glassmorphic Proof Card:**
 - **40+** Years of Recognized Legacy (Since 1980)
 - **100,000+** Installations Across North America & Caribbean
 - **Up to 45%** Reduction in HVAC Runtime
 - **Millions** in Utility Incentives Secured

Section 03: Dynamic Motion Ticker

- **Component Type:** Slow-scrolling, high-contrast text marquee positioned directly beneath the Hero section.
- **Featured Copy:** *"Utility Rebates May Cover Cost of Installation" • "Holistic Building Energy Control: HVAC, Integrated Lighting, Exhaust Fans & Water Heating".*

Section 04: Value Proposition Grid

- **5 Outcome Cards:** Reduce Energy • Lower Demand • Utility Incentives • Positive Cash Flow • Turnkey Solutions

Section 05: Product Showcase Grid ("Beyond HVAC")

- **Headline:** *"Intelligent energy management for more than HVAC."*
- **4 Core Product Focus Areas:**
 1. **Occupancy HVAC Controls: GEM Link® Wireless & GEM Stat™ ET** (Infrared occupancy sensor-based thermostat & PTAC controls).
 2. **Integrated Lighting Controls:** Smart lighting management linked to PIR occupancy sensors.
 3. **Exhaust Fan & Load Control:** Smart ventilation controls and power pack management to prevent continuous idle running.
 4. **Domestic Hot Water (DHW) & Auxiliary Load Switches:** Water heater control and kill switches for auxiliary appliances in unoccupied rooms.

Section 06: Cloud Platform Showcase

- **Headline:** "Building intelligence in the cloud."
- **Interactive Link:** [Explore the Platform →](#)

Section 07: Industry Verticals Grid

- **5 Sector Cards:** Hospitality • Multifamily • Senior Living • Student Housing • Commercial

Section 08: Verified Case Studies & Social Proof Grid

- **Headline: "Real projects. Measurable savings."**
- **Rich Content Layout:** Each card integrates property photographs, verified ROI percentage graphs (e.g., 42%, 38%, 35% saved), financial totals (\$100,000+ saved), and owner recommendation letters.

Section 09: Turnkey Execution Process

- **6-Step End-to-End Workflow:** Analyze → Engineer → Incentivize → Install → Optimize → Maintain

Section 10: Closing Footer Banner & Conversion Action

- **Headline:** "Your building is already consuming energy. Let's make it consume less."
- **Primary Conversion Button:** [Contact Lodging Technologies, LLC for more specific details at your property](#)
- **Secondary Actions:** [Get a Free Savings Analysis](#) | [Request a Demo](#)

3. TECHNICAL UI & FRONT-END IMPLEMENTATION SPECS

- **Day/Night Theme Toggle Logic:** Implemented as a header switch (`role="switch"`) modifying top-level CSS variables (`--bg-primary`, `--card-bg`, `--text-main`, `--accent-color`).
- **Day Mode Variables:** `--bg-primary: #FFFFFF`, `--card-bg: #F5F5F7`, `--text-main: #1D1D1F`, `--accent-color: #004080`.
- **Night Mode Variables:** `--bg-primary: #0B0C10`, `--card-bg: #1F232A`, `--text-main: #FFFFFF`, `--accent-color: #00D2FF`.
- **Typography Hierarchy:** System font stack (`-apple-system`, `BlinkMacSystemFont`, `Segoe UI`, `Roboto`) optimized for grade-level readability and instant scanability.
